

Brian Russ Info

Why are you interested in serving on the board?

I feel the co-op is an incredible community asset and want to support its progress and success moving forward.

Co-op/community organization experience

As superintendent I engage with a number of community organizations including Boys and Girls Club, Kiwanis, Rotary, Chamber of Commerce and East Aurora Educational Foundation. We work together to create opportunities for our students both inside the classroom and within the greater community.

Professional experience and relevant skills What unique skill, personal quality or perspective will you bring to the board?

I have worked with the Board of Education for the past 15 years. I am very familiar with the board process and have a good understanding of my role as board member.

Why are you passionate about the co-op's mission?

Staying true to the mission and vision as the guiding force for all decisions that are made. Looking at a long range plan that is forward thinking, supports reasonable growth and reflects the changing needs of the community. The co-op speaks to my desire and I believe the desire of the greater community to be engaged with an organization that provides high quality products that promote a balanced and healthy lifestyle.
